WINTER & MOBILE DAYS - 2005

I S L A N D

Friday Island - a unique, exclusive and award winning corporate activities venue set in the heart of the Cotswolds designed specifically for corporate events.

120 acres of spring-fed lake with 15 islands, sandy beaches, tropical palm trees, lapping water, woodlands and many purpose built facilities... Friday Island is the dream of a corporate event come true centred around our very own Caribbean island.

We design and run many different events from 6 to 5000 guests with activities according to the theme of the day, including: Team Building Events, large Family Fun Days, a wide variety of Fun Team Days and lots in between...

Our very experienced event organisation team can assist with: accommodation, transport, publicity - promotional work and invitations, catering, photography & video, entertainments from live bands to limbo dancers & fire-eaters... and of course - activities.

One thing's for sure - we know how to get people enjoying themselves in a wonderful atmosphere that can only be described as... *"That Friday Island Feeling"*.

INTRODUCTION

When Summer has passed or has yet to arrive, there's still lots of fun to be had at Friday Island. The emphasis is on keeping everybody warm as well as entertained and the water is there to add to the beauty of the day rather than to act as a medium for activity. Food is different as the time of year demands and we change from Caribbean barbecue to British traditional hot meals.

Or maybe you would prefer the hotel environment with bursts of indoor or outdoor activity? - No problem, we'll come to you with our own special brand of fun and games operated in true Friday Island style! We offer many different types of activity from outdoor quickfire games to all inclusive indoor film events and quizzes. We can also theme to suit a conference message and tailor the timings to fit your plans.

WINTER DAYS AT FRIDAY ISLAND

The end of summer certainly doesn't signal the end of the fun to be had at Friday Island—we just add heat where we need to! The marquee is heated, the food is hot and nourishing and the roaring bonfire makes a great place to warm yourself. Activities are aimed at keeping everyone warm and active and it's our experience that a day in the outdoors before or after summer is a real tonic for all concerned.

Activities might include:

OBSTACLE COURSE

Just the thing for a less than warm day. Teams are given a safety brief and then compete over a course of challenges suitable for all levels of ability and fitness. Fantastic fun, and very busy!

BREAK OUT

A cross between the Crystal Maze and the Gladiators, this combination of mental and physical challenges on the move brings out the competitive streak in all our guests.

GIANT VOLLEYBALL

Volleyball is popular with just about everyone and when the ball is giant sized it adds a whole new dimension to the game. Once again, this activity is well suited to a cooler day.

HUMAN TABLE FOOTBALL

Just like table football but giant sized! Participants are strapped to a pole so that if one person moves left or right then everyone else has to do the same! Team coordination is the key and fun is the outcome.

AND FINALLY...

There are many options available — please ask for details of a specific programme to suit your timings and budget.

Please advise guests participating in land and/or water based activities to bring a towel, a change of

clothing/footwear and suitable wet weather gear.

Bookings are accepted after a signed copy of our Terms and Conditions has been received, together with the necessary deposit/balance payments. Please contact Friday Island for more information.

MOBILE EVENTS

Friday Island itself may not be right for your event if, for example, you want to alternate between activities and conference, or if our location does not suit your region. In this instance we can go mobile and bring our Friday Island sense of fun to you. There are many different activities and events on offer from outdoor team fun to indoor team games, linked to a specific corporate message if required.

Examples include:

NEWS BROADCAST

All teams are given a brief to create and produce tonight's TV news, including commercial breaks. We supply all cameras and accessories, accompanied by what must be the wildest dressing up room ever put together. This event will stretch the creative talents of the team and provide a lot of laughs along the way! The films are shown at the end of the event and 'Oscars' are awarded to the winning team.

BOMB DISPOSAL

A series of tasks, quizzes and challenges either indoor or outdoor (or both). The winning team will be the one to gain sufficient points to convert into clues which lead to successful defusing of a bomb set to explode at a certain time (Yes, it really goes bang!). This event is packed with activities to stretch everyone!

TASK 2005

An event demanding initiative, creativity, mental agility and physical skills. Points are earned by winning a head to head contest against another team and by points gained individually. This event tests the team at every turn. A mixture of outdoor and indoor games and challenges designed to be tricky but also thought provoking and most importantly—fun!

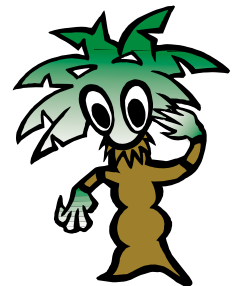

AND FINALLY...

There are many options available — please ask for details of a specific programme to suit your timings and budget.
